

CORE VALUES:

TRUTH

We believe in the power of knowledge and the liberating force of truth. We commit ourselves to the systematic and scientific search for truth and to fairness and openness in its pursuit.

JUSTICE

We believe that all human beings should be equally blessed to be responsible for and to enjoy the fruits of knowledge-generation and social progress and quality higher education is made accessible to all.

GENDER EQUAILTY

We believe that women are equal contributor to the progress of any society and therefore it is imperative that they are treated equally.

NATION BUILDING

We believe that the youth are the future leaders of the nation. Therefore, they need to be well educated and made aware of their responsibilities towards nation building.
